

11th Meeting of the Advisory Committee

City of Luxembourg, Luxembourg, 8 – 10 May 2006

Draft Resolution 5.3

Amendment of the Annex to the Agreement

The Meeting of the Parties to the Agreement on the Conservation of Populations of European Bats (hereafter "the Agreement"),

Recalling Resolution No. 7 adopted at its Third Session (Bristol, July 2000), amending the Agreement and incorporating an Annex of bat species occurring in Europe to which the Agreement applies;

Appreciating that the majority of Parties has already accepted the Amendment to the Agreement and that it has entered into force in August 2001;

Recognising that there will be the need to amend the Annex from time to time in the light of recent research results;

Further recognising that the names of bat species included in the Annex should conform to the rules of nomenclature laid down by the International Commission on Zoological Nomenclature;

Noting that IUCN – The World Conservation Union as well as the Convention on the Conservation of Migratory Species of Wild Animals (CMS) identify *Mammal Species of the World* by Wilson and Reeder (Smithsonian Institution Press, Washington; John Hopkins University Press, Baltimore) as the standard list of mammals;

Acknowledges the establishment of an Advisory Panel of specialists to consider potential changes to the Annex;

Agrees to adopt the following changes to the Annex, on the recommendation of the Advisory Panel; and

Notes other potential changes to the Annex, but which are rejected or deferred pending the availability of further information;

Decides to:

1. Accept *Myotis punicus* Felten 1977 as the name for the species listed as *Myotis cf punicus*;
2. Replace *Plecotus alpinus* with *P. macrobullaris* Kuzyakin 1965;
3. Remove the brackets from round the author/date for *Taphozous nudiventris* Cretzschmar, 1830; *Myotis hajastanicus* Argyropulo, 1939; *Otonycteris hemprichii* Peters, 1859;
4. Amend date for *Barbastella leucomelas* (Cretzschmar, 1826);
5. Amend spelling of author's name for *Myotis aurascens* Kuzyakin, 1935;

Adopts the revised list of species for the Annex to the Agreement as attached to this Resolution.
